Flexia

Flexia è la pergola inclinata con copertura realizzata con telo scorrevole ed impacchettabile.

L'estrema modularità permette di raggiungere grandi dimensioni, integrando vari sistemi di chiusure per vivere lo spazio esterno in tutte le stagioni, al riparo dai raggi solari, vento, umidità e pioggia.

Flexia is the sloping pergola covered by sliding and retractable canvas.

Their great modularity are set to reach large sizes, different closure systems can be integrated to enjoy your outdoor space in all seasons, great protection from sun, wind, humidity and rain.
