ATRIUM

Atrium è una pergola autoportante inclinata, realizzata con un telo scorrevole ad impacchettamento. La sua estrema modularità consente di raggiungere grandi dimensioni, configurabili in moduli singoli, doppi e tripli. Integra diversi sistemi complementari, tra cui pedane sopraelevate, chiusure perimetrali, tende antivento e vetrate panoramiche. Trasforma ogni spazio esterno in un'area outdoor da vivere in tutte le stagioni.

Atrium is a freestanding, sloped pergola made with retractable fabric. Its high modularity allows it to reach large sizes, which can be configured in single, double and triple modules. It integrates a variety complementary systems, including raised platforms, perimeter closures, windscreens and panoramic sliding glass system. It turns any outdoor space into an outdoor area to be enjoyed in all seasons.

Atrium - Caratteristiche Tecniche

Prodotto brevettato
Versione autoportante
Dimensione fino a 1300 x 1300 cm
Configurazione modulo: campata singola, campata doppia, campata tripla
Copertura inclinata
Telo teso scorrevole ad impacchettamento
Tettuccio di protezione con doghe in alluminio
Traversa per il sostegno del tettuccio di protezione
Pilastrì sezione 11,5 x 11,5 cm
Profilo con guarnizione salvagoccia
Struttura in alluminio estruso con componenti Inox
Verniciatura con polveri epossidiche resistenti ai raggi UV
Movimentazione motorizzata con radiocomando
Impianti elettrici integrati ed ispezionabili
Prodotto con marcatura CE UNI EN 13561
Made in Italy

Atrium - Complementi

Movimentazione motorizzata con radiocomando
Outdoor Led System profili intermedi luce calda, fredda e RGB
Kit captatore pioggia
Sensore vento
Pergola compatibile con impianti domotici
App gestione automazioni per Smartphone e Tablet
Integrabile con pavimentazioni sopraelevate e chiusure perimetrali
Pedana modulare sopraelevata Plank
Pedana modulare sopraelevata SQ
Vetrata scorrevole motorizzata Phantom Glass
Vetrata panoramica scorrevole Belvedere
Vetrata panoramica scorrevole Scenica
Chiusura avvolgibile zip Levante
Chiusura avvolgibile Solar One
Chiusura avvolgibile Solar Plus
Chiusura avvolgibile Stal
Paravento Ghibli
Paravento Libeccio
Paravento Scirocco

Atrium - Vantaggi

Predisposizione impianto elettrico
Automatismi preregolati
Pre-assemblaggio testato

Atrium - Technical Features

Patented product
Freestanding version
Dimension up 1300 x 1300 cm per module
Configuration module: single form, double form, triple form
Sloped fabric
Retractable folding fabric
Protection roof with aluminium slats
Crossbeam for top roof support
Pillars section 11,5 x 11,5 cm
Profile with drip-proof gasket
Extruded aluminium frame with stainless steel components
Epoxy powder coating resistant to UV rays
Motor control with remote control
Integrated and inspectionable electrical systems
Product CE marking UNI EN 13561
Made in Italy

Atrium - Complements

PASHÀ

Pashà è la pergola dalle linee definite e contemporanee, assicura alla zona outdoor una prospettiva di relax ineguagliabile. È realizzata con telo teso ombreggiante che conferisce un delicato contrasto tra luce ed ombra.

Pashà is the contemporary pergola with well-defined lines, inspired by the highest sense of wellness. It is made of a taut shade fabric that gives a delicate contrast between light and shadow.

WEAVE

Weave è la pergola autoportante dal design contemporaneo con telo intersezionato tra gli arcarecci che concede scorci di luce per una gradevole e leggera ombra.

Weave is the freestanding pergola with contemporary design and fabric intersected between the purlins allowing glimpses of light, for pleasant light shade.
