ARMONIA

Armonia è la pergola in piano dal design contemporaneo con telo scorrevole ad impacchettamento lievemente inclinato. E' pensata per integrarsi in spazi outdoor residenziali e grandi spazi di strutture ricettive. La grande modularità permette di creare innumerevoli composizioni integrabili con pedane sopraelevate e sistemi di chiusure per consentire di vivere lo spazio esterno in tutte le stagioni.

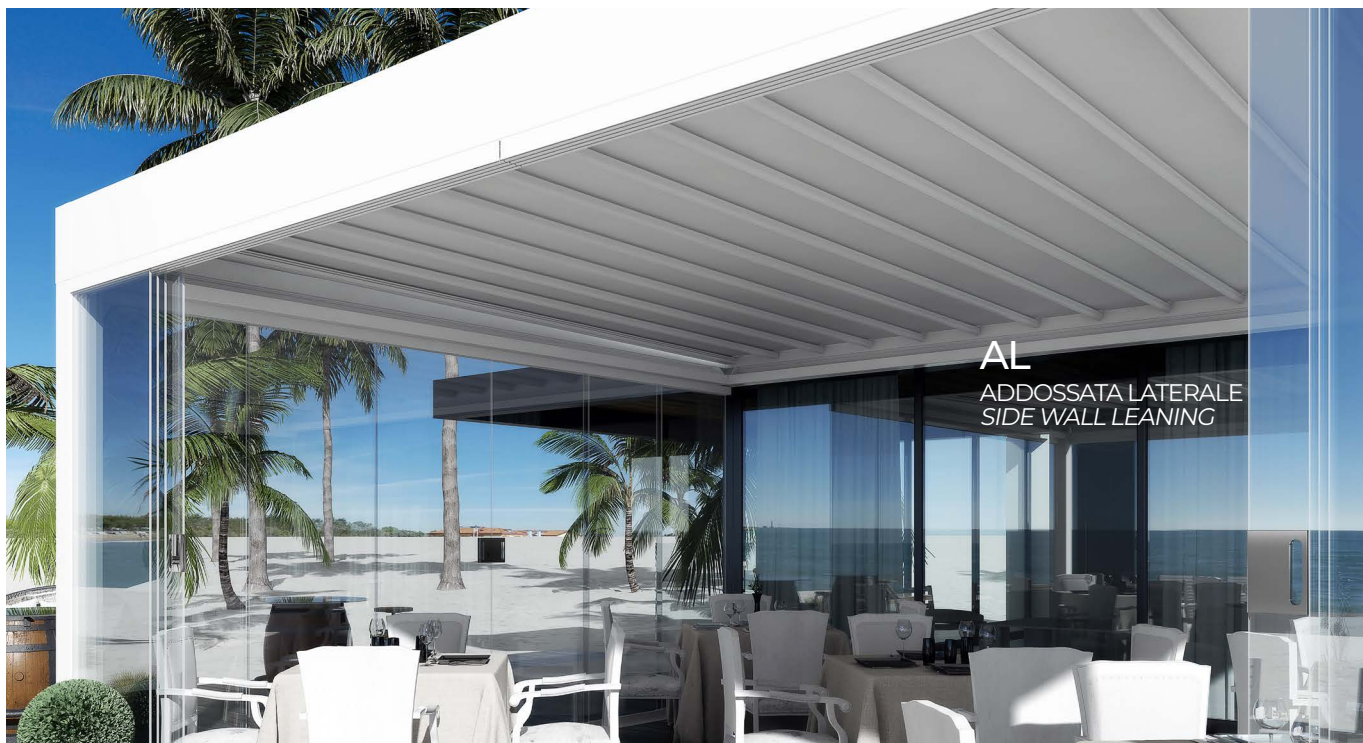

Armonia is a flat-roof pergola featuring a contemporary design a slightly sloping retractable roof. It is designed to fit into residential outdoor spaces, large hospitality facilities. Its impressive modularity enables the creation of countless configurations that can be combined with raised platforms, closure systems to enjoy outdoor spaces in all seasons.

Caratteristiche tecniche

Prodotto brevettato

Versioni autoportante, addossata e sospesa

Molteplici configurazioni e accoppiamenti per moduli multipli

Copertura in piano con telo inclinato

Telo teso scorrevole ad impacchettamento

Telo con guarnizione salvagoccia da un solo lato

Gronda perimetrale sezione 15 x 35,2 cm dotata di ribalta inclinata

Pilastrì sezione 15 x 15 cm

Scarico delle acque piovane direttamente nei pilastrì

Struttura in alluminio estruso con componenti inox

Verniciatura con polveri epossidiche resistenti ai raggi UV

Movimentazione motorizzata con radiocomando

Impianti elettrici integrati ed ispezionabili

Prodotto con marcatura CE UNI EN 13561

Made in Italy

Complementi

Pilastro con piede telescopico sezione 15 x 15 cm regolabile fino a 5 cm

Profilo frangisole verticale personalizzabile per un design elegante e moderno

Outdoor Led System perimetrale luce calda, fredda e RGB

Outdoor Led System profili intermedi luce calda, fredda e RGB

Kit captatore pioggia

Sensore vento

Sistema audio integrato Dirello Concert

Pergola compatibile con impianti domotici

App gestione automazioni per Smartphone e Tablet

Pedana modulare sopraelevata Plank

Pedana modulare sopraelevata SQ

Vetrata scorrevole motorizzata Phantom Glass

Vetrata panoramica scorrevole Belvedere

Technical features

Patented product

Freestanding, wall leaning and roof versions

Multiple configurations and couplings system for multiple modules

Flat roof with sloped fabric

Retractable folding fabric

Fabric with one side drip-proof gasket

Perimeter gutter section 15 x 35,2 cm with tilting flap system

Pillars section 15 x 15 cm

Rainwater discharge directly into the pillars

Extruded aluminium frame with stainless steel components

Epoxy powder coating resistant to UV rays

Motor control with remote control

Integrated and inspectionable electrical systems

Product CE marking UNI EN 13561

Made in Italy

Complements

Pillar with telescopic foot section 15 x 15 cm adjustable up to 5 cm

Bespoke vertical sunbreaker profile with modern, elegant design

Perimeter Outdoor Led System warm white, cold white and RGB

Intermediate profile Outdoor Led System warm white, cold white and RGB

Rain sensor kit

Wind sensor

Dirello Concert integrated audio system

Pergola compatible with home automation systems

App for automation management from smartphones and tablets

Modular raised floor Plank

Modular raised floor SQ

Motorized sliding window Phantom Glass
